A summary of the leading statistics of the public schools in 50 principal cities in the country, embracing a population of over 5,000,000, presents a school population

NEW COLLEGES FOR WOMEN. - Several new institutions for women were to oe opened in 1875, notable among these being the Bage College for Women at Cornell Uni-versity, New York, the Smith College at Northampton, Massachusetts, and the Wellesley College at Needham, Massachu-

Instruction for Draf Murss.—There are in the United States 40 institutions for the instruction of deaf mutes. The number of instructors employed in them is 289. The number of inmates under instruction in 1873 was 4,584.

INSTRUCTION FOR THE BLIND. - The number of asylums for the blind is 28. having 545 teachers. The number of inmates under instruction during the year was 1,916.

ORPHANS AND HOMELESS YOUTHS .-There are probably more than 400 institutions of this character in this county sheltering not less than 45,000 poor and unfortunate children.

The Commi sioner of Education at Washington concludes his able Report for 1873 with the following recommendation In view of the appalling number of children growing up in ignorance on account of the impoverished condition of portions of the country in which slavery has been lately abolished, and in view of the special difficulties in the way of establishing and maintaining therein schools for universal education, and in consideration of the imperative need of immediate action in this regard, I recommend that the whole or a portion of the net proceeds arising from the sale of public lands shall be set aside as a special fund, and its interest be divided annually, pro rata, between the people of the several States and Territories and the district of Columbis, under s ch provisions, in regard to amount, afforment, expenditure, and supervision, as Congress in its wisdom may deem fit and proper.

The report of the State Superintendent of Education Appar (New Jersey) shows that of 298,000 children between five and eighteen years of age in the State, 185,392 are enrolled as in attendance in the State schools. The increase of children within the ages mentioned during the past year has been 11,557. There are 111,608 who do not attend the State schools. There are 1,498 school buil lings in the State.

Dr. F. H. Hubbard, of San Francisco, has offered two prizes of \$30 and \$20 respectively to the seniors of Dartmouth lege for the best and second best essays on topics prescribed by him. The subjects for this year are, "Intellectual Culture and Professional Raward," and "The Rights of Independent Criticism."

The Goloss says the go.

The Goloss says the go.

Russia has resolved to introduce a system of compulsory elementary education. A trial is to be made at St. Petersburg of the Berlin system, and it is thought the new schools will be opened by the 15th inst.

cise after every hour's study. In California all primary schools are required to have exercise in calisthenics, in vocal culture and in breathing, twice each day, of from

Twelve States now have a law making attendance at School, at least three month in the year, obligatory. They are New Hampshire. Vermount, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Michigan, Kansas, Texas, Nevada

In a school 'out West,' a child being called on to name three distinguished American writers replied, 'Frank Leslie Frank Munro, and Anonymous.' On being. questioned further it was his candid opin ion that Frank Leslie made the best pic tures, but that Anonymous wrote the best

pretry. In a Gazeteer of the State of New York published in 1813, we find the following: In this survey of Albany we must not forget the elegant conveniences afforded by steam navigation on the Hudson. There are how three steamboats employed on this river between Albany and New York, (the largest of which is 170 feet long and 28 wide, its barthen 850 tons), which perform the passage of Albany in the average time the passage of Albany in the average time of thirty to thirty six hours. Their periods are very regular and uniform, and they have excellent accommodations, being designed for passengers exclusively. They leave Albany on stated days, one on Wednesday, Saturday and Monday, at 9 o'clock a. m., and New York every succeeding Saturday, Tuesday and Thursday, at 5 o'clock p. m., in the same order. Passage o'clock p. m., in the same order. Passage and board seven dollars each way. Independent of the novelty and ingenuity of the mode, unknown in Europe, the de spatch, certainty of time, and entire secu rity, with the perfect convenience and ease with which we pass so rapidly from place to place, we enjoy the proud reflection that the invention is American, and that no other portion of the world enjoys such fa-cilities of intercourse. There is a steamboat constantly running between this city and Troy, performing four passag s every twenty four hours. The stage for Uticaruns through every day; for New York in two days; for Burlington, Vt., in two days; and there are stages for every part of the country with little delay of conveyance."

The Nautical School under the direction of the New York Board of Education will oon be in operation. Commander Robert L. Phythian, United States Navy, has been detailed to act as Superintendent of the school When a puipit has passed successively through the prescribed term-from eighteen months to two years—he will be awarded a certificate bearing his rating and general character, which will always insure him employment. Boys not under fifteen years of age, having the written consent of their parents or guardians, will be received on condition that they are of sound constitution and that they evince some aptitude or inclination for a sea-life. They will be uniformed and supplied with bedding, for which a moderate charge will be made. They will be carefully instruct-

M., all that tract or parcel of land and premises, situated in the township of Bloomfield, Easex County, New Jersey

Beginning on the centre line of Williamson Avenue where it intersecta the northerly line of the Montciair Raliway; thence (1) along the centre line of said Williamson Avenue horth thirty minutes west six hundred and fifty feet one inch to the range of the line of Ely Drew's A DMINISTRATOR'S SALE. In pur of the county of Essex, made on the feurteenth day of July, A. D. 1974. The smbserbers, Administrators of Martin Croghen, deceased, will sell by public vendue, on the premises herein after described on Wednesday the sixteenth day of December next at the hour of two o'clock in the afternoon, all that tract of land and premises, situated in the township of Bloomfield, Essex county, New Jersey.

Beginning at a point in the Newark and Pompten turnpike one hundred and seventy feet distant from the lot owned by Horace H. Ward, deceased—Thence running north fifteen degrees and forty-five minutes west one hundred and forty-five minutes west one hundred and forty-five minutes west one hundred and fifty seven and three-quarters degrees east thirty feet; thence [6] along Belleville avenue south sixty-seven and three-quarters degrees east thirty feet; thence [7] in a southerly line of said Montelair Railway; thence (8) along Belleville avenue in the centre of the bridge on said turnpike to the centre of the bridge on said turnpike to the centre of the bridge on said turnpike to the centre of the bridge on said turnpike to the centre of the bridge on said turnpike to the centre of the bridge on said turnpike to the centre of the bridge on said turnpike to the centre of the bridge on said turnpike to the centre of the bridge on said turnpike to the contre of the said podd's line south thirty minutes west one hundred and fifty feet; thence [7] in a southerly direction and nearly at right two degrees and fifteen minutes east seventy-two feet and two inches—thence south seventy-two feet and two inches feet six inches to Belleville avenue; thence [6] along Belleville avenue south sixty-seven and three-quarters degrees east thirty feet; thence he is a southerly direction and nearly stright anches to said last mentioned course and parallel with Williamson avenue aforesaid eight hundred and fifty feet more or leas to the northerly line of the Montchir Railway. Hience [8] along the northerly line of said Montchir failway to the place of beginning, being part of the premises conveyed to Joseph P Hagne by William J. Williamson and wife, this mortised deed, this description being intended to cover that portlon of said premises known as the first tract in said deed.

Newark, N. J., October 8, 1874.

St. Nicholas for 1874. A Book for Boys and Girls. Of this book CHARLES DUDLEY WARN NER writes :

"In the bound volume of ST, NICHOLAS, with its glory of red and gold, we have a permanent addition to the literature of the young. Never before has so much literary and artistic talent co-operated in the service of children. It is a continual educator of their taste and of their bonor and courage. I do not see how it can be made any botter, and if the children don't like it, I think at is time to begin to change the kind of children in this country."

St. Nicholas for 1875. The prospectus of the second volume shows that there is to be no falling off, but an increase In its literary and pictorial attractions. Among other attractive features are
